

## RN Case Manager

Caregiver USA is looking for qualified Registered Nurses who are responsible for planning, coordinating, providing and documenting patient care from day of admission through day of discharge. Utilizing physicians' orders and professional skills, the Case Manager RN develops and implements a home health plan that meets each patient's specific needs to provide the highest level of care.

### Responsibilities

- Exhibits and maintains Caregiver USA's mission of achieving value and happiness for oneself and others through caring for people
- Performs admission assessment from referrals or patient's return to his/her residence
- Develops a written plan of care for each patient that provides best in class home care services
- Promotes a Culture of Safety by adhering to policy, procedures and plans that are in place to prevent workplace injury, violence or adverse outcome to associates and patients.
- Re-evaluates the need for continued care on an ongoing basis; initiates recertification as necessary.
- Provides oversight to LPN/LVN/STNA staff and co-signs documentation as needed in accordance with scope of practice.

### Qualifications:

- Has an Associate's degree or equivalent in Nursing from an accredited nursing program.
- Is licensed as a Registered Nurse in Ohio
- Excellent written and communication skills
- Effective problem solving, organizational and time management skills with the ability to consistently work in a fast-paced environment
- Must be able to work in a team environment and exhibit flexibility and strong desire to learn and develop new skills quickly
- Has at least two years of nursing experience, home health and hospice experience is preferred.
- Has a valid state driver's license, personal automobile insurance coverage, reliable transportation and an acceptable driving record
